We've reloaded the treasure hunt with tablets, an ingenious app, team selfies, video challenges and real time features! Answer questions and unlock challenges to earn points. Keep an eye on the opposition using the live leader board. There's no official route, so put your heads together and plan one that'll get you from A to B in double quick time. Rack up the most points and race to the finish line before the sands of time run out.

On arrival at the prearranged venue, teams will be supplied with Alton Quest packs. Each one contains a tablet with the app downloaded and ready to go. ALTON TOWERS RESORT

DON'T JUST TAKE OUR WORD FOR IT...

Royal Mail

Once again, you and the guys pulled out all the stops to help us deliver a Conference to remember. The initial feedback has been great; right through from the opening of the Conference through to the end of the evening party. Apart from the venue, what's so special about Alton Towers is the people. From the initial planning right through to the very end, you and the team do everything you can to support us and help things run seamlessly. Please pass on my sincere thanks to the whole of the team who worked on our event – you're awesome!

Prezzo

I just wanted to drop you a note to let you know that our conference was absolutely amazing. The venue is something special and the teams that sell, co-ordinate and manage events are first class. Our office admin team who co-ordinated from Prezzo said that they were an absolute joy to work with and that they made every step of the event organisation easy. It was that good that we have already asked for availability for next year. Our CEO said, 'well we're not going to find anything better than that so let's go back'

Redcentric

I wanted to drop you a quick note to say thanks for helping me sort our family fun day at Alton Towers this weekend, our staff had an absolutely fantastic time. The team that were looking after us were very efficient and took care of everything and all of my requests on the day so a massive thank you to them, they really couldn't have done more to make the day work for us.

British Healthcare Trades Association

I wanted to write to thank you and the Alton Towers team for all your help leading up to and on the night of the BHTA Awards held last week. The evening couldn't have gone any better and the staff were very attentive with our guests and kept fantastic communication with myself. The room looked stunning and the food was presented well, served hot and tasted lovely. I hope to work with Alton Towers again in the future and would have no trouble in recommending the venue to colleagues and organisations we work with.

Bidfoods

We were delighted to have had another successful awards evening at Alton Towers in January. As usual, from the initial planning stages through to the set-up and the day itself, everything was superbly organised. The team were helpful and attentive, and nothing was too much trouble. We received some great comments about the quality of the food and service on the night and hope to work with you again next year

Triumph Motorcycles

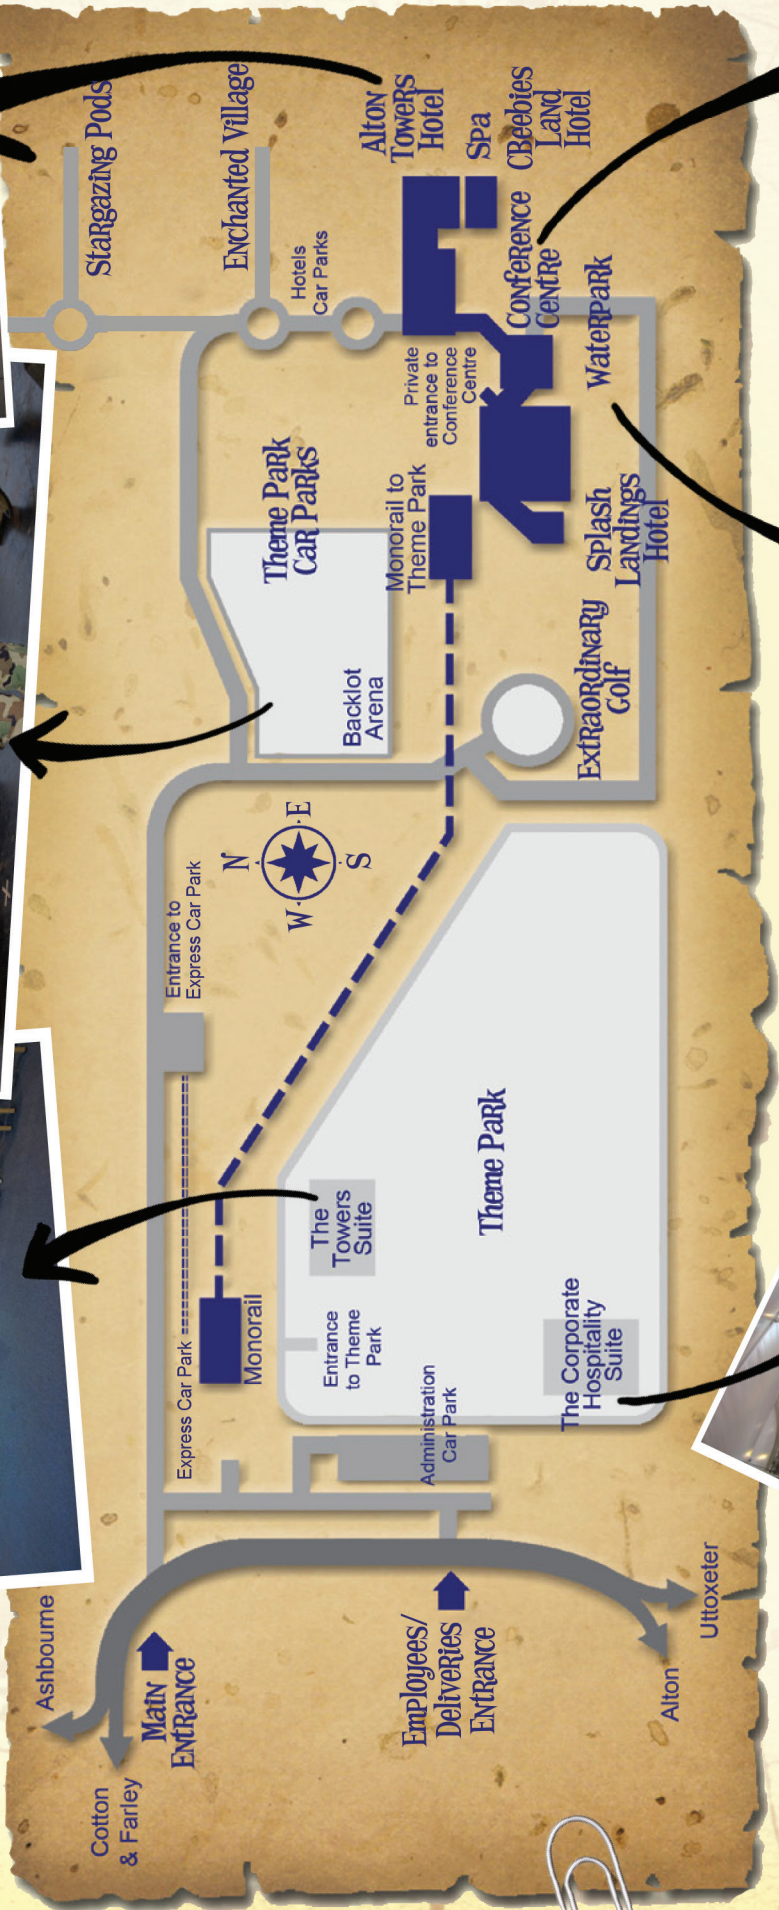

A huge thank you to you and all your team members for all the hard work and effort that went in to producing our event. As it was the first face to face conference in 3 years we really wanted it to be memorable and feel extra special and we certainly achieved that. The feedback from the dealer network has been overwhelmingly positive and I can't thank you enough for everything you did to make it happen. I appreciate with events there are late requests and ever changing details but you took them all in your stride and the whole day and evening felt seamless.

The Association of Neurophysiological Scientists

On behalf of ANS, I would like to thank you and your staff for making our recent 70th anniversary scientific meeting and conference at Alton Towers Conference Centre an absolutely fantastic event and a truly memorable one. The Membership who attended said it was one of the best scientific meetings they have ever attended, and a large proportion of that experience comes down to you, your venue and staff.

We really cannot thank you all or recommend Alton Towers enough and hope that the opportunity to use your venue again in the future presents itself.
